

AG FLAIL MULCHER

AG 系列割草机

USES:

- The AG Series Flail Mowers are a super heavy duty flail mower designed for large areas, roadside verges, orchards and general farm areas;
- Duals-mount for using at front or rear of tractors;
- Hydraulic side shift:
- Perfect for maintaining more rugged landscape areas including heavy grasses, storm debris, sticks, vines and more areas around farms, properties, parklands and roadsides.

FEATURES

- Dual mountable because of double head gearbox;
- Suited to tractors with front or rear PTO and hydraulic remotes;
- Hydraulic side shift allows the AG flail mowers to cut close to farm boundaries around obstructions and trees as well as roadsides;
- Cutting height controlled by adjustable skids;
- Safety flaps;
- Extra strong and designed with safety in mind;
- Support leg for storage;
- Solid hitch;
- Fitted with a high power 50hp gear box
- Cutting height controlled by adjustable skids;
- Front & Rear mounting
- Hydraulic side shift 50cm
- Hammer blade
